Dear ANNA SEMENOVA,

RE: Letter of Appreciation from Boris Korol and Georgii Solovev

We are pleased to formally acknowledge and express sincere gratitude for your outstanding contributions during your three-month engagement with us. Your dedication, expertise, and proactive approach have played a pivotal role in advancing our initiatives, and we deeply value the impact of your work.

Throughout your involvement, you have consistently demonstrated exceptional diligence and professionalism. You have been identifying potential partners, including the Kibera Girls Soccer Academy, and establishing strong, collaborative relationships with their management to ensure the successful execution of our projects. Your efforts in conducting thorough research to identify the best computer tablets, taking precise measurements, capturing images, and providing detailed recommendations have been critical to informed decision-making.

Furthermore, you have been actively researching the market to source authentic and cost-effective devices for equipping the computer lab, ensuring high-quality resources at competitive prices. Your work in developing and maintaining a comprehensive database to track and manage devices has promoted transparency and efficient resource allocation. Additionally, you have been overseeing the installation and configuration of devices, ensuring seamless setup and functionality.

Your active participation in the official launch of the project has significantly contributed to its success and visibility. The meticulous attention to detail, collaborative spirit, and unwavering commitment you have shown throughout this engagement reflect the highest standards of professionalism.

We recognize the lasting impact of your contributions and extend heartfelt appreciation for your hard work and dedication. We hope to have the opportunity to collaborate with you again in the future.

Warm regards,

Boris Korol and Georgii Solovev
